MEMORANDUM FOR: Morning Meeting Participants

At the ICG meeting Thursday afternoon we were advised that Mason Cargill and Tim Hardy have been assigned to the staff of the Intelligence Oversight Committee. Ambassador Murphy has asked that the two of them conduct an inquiry into the manner in which the Intelligence Community's Inspector Generals and General Counsels operate and what changes have been recommended.

Within the next week either or both Cargill and Hardy will be contacting these offices to pursue their study.
